LIGHT BY HOMES

Wardrobe Collection

Born from the solid experience and continuous design research of Light, Homes brand, the new Armadi collections express a new balance of creativity and tailored craftsmanship, shaping an interior style that harmoniously blends modernity and contemporary aesthetics. A constantly evolving project that places new focus and innovation on the bedroom space, redefining it with proposals designed for a conscious and sophisticated way of living. The updated range of melamine finishes enhances both materiality and atmosphere: textured surfaces with natural warmth are paired with refined decorative tones, selected to create inviting and distinctive environments. The wardrobe fronts feature a renewed aesthetic, standing out as defining design elements and true focal points within the space. The collection is completed by expanded modularity and flexible compositions, designed to seamlessly integrate into any architectural context and offer maximum freedom in layout and design.

Dall'esperienza e dalla continua ricerca di Light, brand di Homes, prende forma la nuova collezione Armadi, capace di interpretare con creatività e sartorialità uno stile d'arredo che unisce contemporaneità e modernità. Un progetto in costante evoluzione, che dedica nuove proposte e attenzioni all'ambiente notte. Si rinnova la gamma delle finiture melaminiche, pensate per valorizzare gli spazi con il calore autentico delle superfici materiche o con una selezione di tonalità decorative accattivanti. Le facciate degli armadi si rinnovano nel design, diventando dettagli di stile e protagonisti dello spazio. Ancora più ampie e attuali le possibilità compositive e modulari, per adattarsi con libertà ad ogni ambiente e offrire infinite soluzioni progettuali.

A photograph of a modern walk-in closet. On the right, there are white shelves with hanging clothes, including a white long-sleeved shirt and a brown jacket. Below the shelves are several dark brown drawers. To the left, a bed frame with a white headboard and footboard is visible. A large arched window on the left side of the closet provides natural light and a view of the outside. A small potted plant sits on the windowsill. A black floor lamp stands near the window. The floor is made of light-colored wood, and a dark rug is partially visible in the foreground.
