FATTO A MANO

HANDMADE IN ITALY

Il nostro laboratorio nasce a Marostica, nella Terra della Ceramica Veneta, dove fin dal 1700 si pratica l'antica arte che valorizza le risorse del territorio. Qui preserviamo con cura e passione tradizioni secolari, reinterpretandole in forme innovative e contemporanee.

Our workshop was born in Marostica, in the Land of Venetian Ceramics, where the ancient art that enhances the resources of the area has been practiced since the 1700s.

Here is where we carefully and passionately preserve centuries-old traditions, reinterpreting them in innovative and contemporary forms.

GRES PORCELLANATO

PORCELAIN STONEWARE

Realizziamo opere di pregio ed eleganza utilizzando un materiale ceramico nobile, il gres porcellanato.

Cotto a 1200°C, il gres diventa resistente, impermeabile e adatto ad ambienti esterni.

Il rivestimento opaco e monocromatico conferisce originalità e riconoscibilità ad ogni creazione

Lineasette.

We create fine and elegant artworks using a noble ceramic material, porcelain stoneware. Fired at 1200°C, porcelain stoneware becomes durable, waterproof and suitable for outdoor environments.

The matte and monochromatic coating lends originality and recognition to each Lineasette creation.

INNOVAZIONE E DESIGN

INNOVATION AND DESIGN

Il nostro design è minimal e moderno.

Spogliamo dal superfluo ogni forma e interpretiamo la materia con linee morbide e sinuose, ricercandone l'essenza più intima.

Una palette cromatica di toni pastello delicati ed eleganti, valorizza al meglio ogni opera e l'ambiente in cui è inserita.

Our design is minimal and modern. We remove the unnecessary from any creation and shape the material with smooth, sinuous lines, looking for its most intimate essence. A color palette of delicate and elegant pastel tones best enhances each work and the environment in which it is placed.

QUALITÀ COSCIENTE

CONSCIOUS QUALITY

Consapevoli dell'importanza di rispettare l'ambiente in cui viviamo, ci impegniamo a coniugare la bellezza artistica con la sostenibilità ambientale.

Per farlo, utilizziamo materie prime naturali, riduciamo al minimo gli sprechi e adottiamo pratiche di riciclo dell'acqua e degli scarti produttivi.

Aware of the importance of respecting the world we live in, we are committed to combining artistic beauty with environmental sustainability. To do so, we use natural raw materials, and adopt water and production recycling to minimize waste.

Evocative is the language of nature, secret and sometimes imperceptible. The tides, which inspire this collection, intervenes by varying the landscape. In these artworks, a play of proportions, shifting between different heights and widths, reminds us the enchanting variation of the tides.

L'eleganza vive nei dettagli: uno stile essenziale che valorizza ogni ambiente, trasformando la semplicità in raffinatezza. Complementi d'arredo come vasi e vassoi, nei toni delicati del latte, grigio e dell'ardesia, impreziosiscono gli interni con un tocco sobrio e ricercato. Spazi che parlano di armonia e bellezza senza tempo.

Elegance lies in the details: a minimalist style that enhances every room, turning simplicity into sophistication. Decorative elements such as vases and trays, in subtle shades of white and grey enrich the interiors with understated, refined charm.

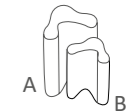

Spaces that exude harmony and timeless beauty.
